

Sinotrust Business Credit Report

Sinotrust is a leading supplier of marketing solutions and credit solutions in China. We collect, analyze and manage information about markets, consumers and businesses to provide marketing research, business information, consulting and database marketing services through integration of information, services and technology. Our products and services help you make better marketing and credit decisions and develop profitable customer relationships. Nearly 80% of the Fortune 500 companies operating in China are using different products and services of ours. We employ over 800 people in our offices in Beijing, Shanghai, Guangzhou and Hong Kong.

Sinotrust, through 16 years' pioneering explorations in China's credit information service industry, is now well experienced in collecting credit information and detecting potential risk, having delivered nearly 500,000 business credit reports by the end of 2008. Sinotrust keeps in close touch with almost 500 governmental and non-governmental organizations in Chinese mainland, including administration for industry and commerce (AIC), statistics offices, taxation offices, customs, courts, financial institutions, industry associations, law firms and investigation agencies. Our full-time credit investigators, data verifiers and information sources in all major domestic cities endeavor to collect different business data tactfully by site visit and phone interview. All these combine to ensure the availability of our content-rich credit reports, which consist of Important Event, AIC Registration, Shareholders & Shares, Change in Registration, Import & Export Record, Trademark & Patent, History, Shareholder Background, Main Executives, Affiliates, Banking Relationship, Employees & Organizational Structure, Office Facilities, Products & Services, Sales Information, Purchasing Information, Credit Records, Finance (cash flow statements available for some companies), Key Financial Ratios & Industry Indicators, Financial Analysis, Industry Profile and General Comments, with credit rating and base credit limit produced for your reference.

As the most recognized credit report supplier in Chinese mainland, Sinotrust is now a business partner of 100-plus credit information companies worldwide and joins efforts together to create business credit reports in more than 200 countries and regions across the globe. The business credit reports sourced outside Chinese mainland are presented under such items of content as Registration, Shareholder & Background Information, Ownership/Management Background, Branches & Affiliates, Principal Activities, Operations, Finance, Credit Remarks, and Sinotrust Credit Rating based on an overall appraisal on company scale, history and background. The contents of outsourced reports, however, might be adjusted minimally to meet specific requirements of local policies, regulations and external circumstances in the countries/regions where the reports are prepared.

Sinotrust is also the first credit report supplier in Chinese mainland to launch an online service portal www.creditlink.cn, on which you can subscribe for credit reports already existing in Sinotrust databank or order new reports not yet available, and in this way we can respond to your concerns in a more convenient and prompt manner.
